

# RISK CONTROL SERVICES & RESOURCES

## HOW WE CAN HELP

The SDRMA Risk Control team is available to assist our members with many of the requirements and best practices. In addition, we provide a variety of services, such as:

- risk control evaluations
- Cal/OSHA compliance
- written program development
- hazard inspections
- ergonomic evaluations
- training resources
- risk management guidance
- sample programs and forms, and much more!

## COMPLIMENTARY RESOURCES

Exclusively for SDRMA Members

-  Member-focused, highly dedicated & experienced staff
-  Employment Law Consultation Services
-  Online Training Management System
-  Cal/OSHA & Regulatory Consultation and Review
-  Customized Risk Control Services/Resources
-  Training Workshops (claims, risk reduction & more!)

SDRMA has partnered with leading industry experts in the field of public agency risk management to bring our members cost-effective and time-saving resources.

*Our goal is to act as an extension of your agency's staff and provide the best value through proactive risk management, effective claims cost-containment, practical risk control solutions, and enhanced member services.*

## ONLINE TRAINING SOLUTIONS

With over 1,500 courses available with just a click of a button, our vendor partner, Vector Solutions delivers a web-based training and risk management platform for all SDRMA members. Topics include:

- HR & Employment Practices
- Cybersecurity
- Fire Recertification
- Emergency Management Services CUs
- Water & Wastewater CUs
- Defensive Driving
- Customer Service
- Supervisory Training, and more

## RISK ADVISORIES

We provide guidance on relevant risk management topics, such as:

- Driver risks
- Wildfire preparedness
- Cyber exposures

## SAMPLE PROGRAMS & FORMS

Our sample programs are written in a clear and concise manner to assist with compliance requirements. Examples include:

- Workplace Violence Prevention
- Injury & Illness Prevention
- Driver Safety & Vehicle Use
- Hazard Communication
